

THE *Big 3*

EPISODE: 220

TITLE: Top 10 Roadblocks to Discipleship and Mission

The not-so-surprising biggest roadblock to living a lifestyle of discipleship and mission is “SELF”!

Here are three things to believe and consider about what may be keeping you from all that you were created for:

1. Our perceived roadblocks are usually just an extension of our own preferences and fears. It is very common to assume that the things we’ve seen as barriers to discipleship and life in community are unique to our own context, neighborhood or life circumstances. Trust me—they’re not! The limitations are almost always personal preference, fear and limiting beliefs!
2. God exists in community (three in One) and has created us all for life in community as well. Jesus made disciples in community in a totally “all-of-life” way. He invited his disciples to do life together with him as he introduced them to his Father (OUR Father!) and showed them what life in the Kingdom of God was all about. We were created for this life and it is also the environment God uses to grow and mature us into Christ.
3. Which of the 10 Roadblocks have you been suffering from? Let’s change that! Write down any of the roadblocks you think have been keeping you from really making disciples in an “all of life” way. Then ask yourself the suggested diagnostic questions associated with them. Pray for the Holy Spirit to guide you to the truth connected to each of these. Share what you learn with someone close to you. Ask for their feedback and accountability to live out of the Truth as you move forward!
