EPISODE: 317
TITLE: Stop Waiting! Bloom Where You're Planted

Maybe you're feeling a bit stuck, or like you've been waiting for some unseen "something" to happen before you really get started making disciples and living on mission. A lot of people feel that way!

Here are three key things to believe and consider about blooming where you're planted…

1. **God knows the plans he has for you**. And those are plans of blessing and righteousness. Jeremiah 29:11 *"For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future."* Wherever God has you today is preparation for where he will take you next–in his perfect timing and for his good purposes. You can trust him and live as a blessing and make disciples where you are planted right now.

2. **Decide to be "all in" regardless of your circumstances**. <u>Faith combined with intentionality is always what drives us forward on mission</u>. As Christians, we have God's own Spirit dwelling inside of us, leading us in all the ways of truth. And the truth is, we really lack nothing for the mission. Our waiting, complaining, and excuses are coming from fear, self-love, and false beliefs. So…

3. **Stop waiting and do something now!** When we remember that we don't have to have the master-plan because our Master has the plan, we can relax and trust God to lead us one step at a time based on his sovereignty. Any perceived lack or waiting for a different situation so we can "really" get going on mission is putting our own sovereignty above God's. Your Master has the plan, so ask, *"What's next, Lord?"* and get started with that first small step today.
